

Preschool newsletter:

September 2017

Dear preschool parents,

We have had a great couple of weeks to start off the school year. The children have had lots of outside time to enjoy the beautiful weather. We have been learning about the nature around us. We went on a nature walk to collect interesting items, and then used those items to make collages and to do a sink and float activity. The preschoolers made egg carton owls, cut-out mushrooms, and puffy paint squirrels. The first week of school we did some color activities including color absorption, rainbow/shaving cream clouds, and favorite color collage. We made chocolate kiss powder puff cookies and went on our first outing to story hour at the library. Upcoming events will be: Mr. Tom and Miss Rebecca next week. A field trip to the Sharon Audubon on September 28th. More information to follow.

Happy Fall! -Miss Jen
